KMM Matriculation school, Irugur

Trainer – Technical & Soft Skill Development

Dynamic Coding and Soft Skills Trainer with experience in Python, web technologies (HTML, CSS, JavaScript), and LMS platforms, focused on improving students' communication, interpersonal, and technical skills. Skilled in creating engaging, outcome-based lesson plans and applying learner-centric teaching strategies to enhance problem-solving ability, language proficiency, and professional readiness.

2020 - 2023

Focus Edumatics Pvt, Coimbatore.

Online Tutor

Delivered personalized one-on-one online training in Computer Science and programming languages including C, C++, Python, and basic Java. Designed learner-focused lesson plans covering core programming concepts such as data types, control structures, functions, and basic OOP. Conducted live coding sessions, practical exercises, and assessments to improve logical thinking, debugging skills, and hands-on coding ability, while tracking student progress and adapting teaching methods to ensure continuous technical skill development.

Handle Subject: AI, C , Java Core & Python

Professional Training & Workshop Experience

SMS College of Arts and Science, Coimbatore - Career Guidance

Delivered career guidance and employability training using presentation tools, LMS platforms, aptitude assessment tools, and communication frameworks, focusing on career awareness, communication skills, interview readiness, and industry expectations.

St. Paul's College of Arts and Science - Soft Skills Development

Conducted soft skills training using interactive learning tools, role-play techniques, digital collaboration platforms, and LMS-based activities, covering communication skills, personality development, confidence building, teamwork, and professional etiquette.

Shri Nehru Maha Vidyalaya College of Arts & Sciences - Generative AI

Delivered hands-on training in Generative AI tools (ChatGPT, AI prompt-based tools), prompt engineering techniques, ethical AI usage, and real-world academic and career applications.

Kalaimagal Matric Higher Secondary School - Basic Coding Program

Taught coding fundamentals using Python basics, HTML, CSS, basic JavaScript, and simple web development tools, guiding students through a mini website development project to enhance logical thinking and practical programming skills.
